The Project aims at connecting up to 2.3 million households to NG.

In order to maximize the number of beneficiaries amongst poor and disadvantaged households, the Project proposes, as a pilot experience, to implement a Targeted Financial Support, to the poorest households to overcome the financial barrier to the payment of the NG connection fees.

The Project’s specific objectives are composed of 3 components, listed below. **Components 1 and 3.1** have been successfully completed, **while 2 and 3.2** are still under implementation and subject to 2-year extension.
