

Issue No. 1	Integrated Management System Policy For QHSE	 GASREG Gas Regulatory Authority جهاز تنظيم أنشطة سوق الغاز
February 2020		

GasReg, a public entity promulgated by Law No. 196 of 2017 to regulate, monitor and control all gas market activities specified in the law, to achieve free competition and avoid any monopoly practices in gas market, and to ensure availing gas networks and facilities to Third Party Access (TPA), and quality of the services provided, taking into considerations the interests of all gas market participants and protection of consumer rights.

GasReg believes that “Safety and Health of its employees, clients or those affected by gas market activities, Environmental protection and Quality of service provided to gas market partners and gas consumers” and “The optimum Sustainable use of resources and assets”; is an integral part of its work duties and a main responsibility for achieving GasReg’s Strategic Objectives.

To achieve this **GasReg, Committed to the following:**

- **Complying** with local laws, legislations and applying global best practices related to gas market activities.
- **Effective** implementation of international standards for Integrated Management Systems (Safety, Environment and Quality), and setting up methodology to measure its effectiveness and ensure its goals achievement.
- **Ensure** there is a Management System for Managing Process Safety, Occupational Safety, Environment and Quality for license applicants of any gas market activities and applying the methodology of monitoring and evaluation for licensed companies to ensure the sustainability of service provided.
- **Ensure** there is an Emergency Management System in license applicant entities for any of gas market activities and setting up methodologies to review and ensure its effectiveness.

GasReg will **review** the policy periodically to ensure that it is relevant to changes and challenges and is available to all GasReg employees and Egyptian gas market partners and consumers.

Executive Chairman

Eng. Karem Mahmoud
